PRESENTS

**Intent of Hispanic/Latino Adolescents toward Tissue and Organ  
Donation: A Study of a Culturally Sensitive Educational Intervention  
Guest Speaker:**

***Sharon Castellanos DNP, WHNP-BC , CNS***

Dr. Sharon Castellanos is an expert nurse practitioner in the field of maternal fetal medicine. She is a champion in the field of diabetes, developing and implementing innovative curriculums within Kaiser Permanente Santa Clara and San Jose. Her goal is to improve access, value and meaningful care to obstetrical patients. Sharon's life shifted in 2006, when she became a donor mom. This loss exposed her to the increasing health disparities around tissue and organ donation. To bridge this gap she founded Brandon's Crossroads Foundation Inc., a not- for -profit foundation whose mission is to educate adolescents on tissue and organ donation. She received her Doctor of Nursing Practice degree from CSU Northern Consortium DNP program, a collaboration between SJSU and Fresno State, in June 2014.

**Showcase of Excellence in CSU Nursing Education and Scholarly Projects and Research**

CSU Doctor of Nursing Practice Students & DNP Faculty

Wednesday, May 21, 2014

Office of the Chancellor

11:00 am to 2:30 pm

The CSU Office of Academic Policies and Faculty Development invites CSU Doctor of Nursing Practice students and their faculty to showcase their practice innovations or research by submitting a poster that will be displayed during the Wednesday, May 21st CSU Board of Trustees Meeting at the Office of the Chancellor. Presidents of the CSU campuses also attend the Trustees Meeting and will be interested in seeing your creative and scholarly efforts on display. Posters will be displayed in the Wallace Room from 11:00 am to 2:30 pm providing an opportunity for Trustees, Presidents, and other CSU staff and or faculty to view posters and dialogue with poster participants.

**Mission: To leverage and maximize the group's leadership and resources to benefit our communities by working on specific, concrete efforts.**

**Leveraging Influences in Neighboring Communities (LINC) Meeting**
